FATHER-SON APPROVED!

BEHOLD MY SON'S AWESOMENESS!!

RAGE!

HOW DARE HE OVERSHADOW HIS OWN FATHER!! UNGRATEFUL BRAT!! DID HE EVER SAVE THE WORLD!?

This time, I drew the characters from my previous work in the extras

Truth is, I wanted to involve them in so many things this volume, but I couldn't add them yet, so to the extras they went.

If I try hard...I'm sure I can make them really interesting

I want to bring them out already...

SHCHELKUNCHIK PICTURE BOOK
THIRD: BIYORNE STRINGS

The oldest of the string sisters. Known as Biyo-nee in our workplace. Though your first impression would be of a beautiful, kinda sexy girl, in fact she boasts of an inhuman strength! Able to easily twirl around an arm bigger than she is tall, she could trample any normal man into the wall. However, she's strong willed without being driven by rage. She dotes on her little sister Bratsche but likes to tease her sometimes.

They were like this in their first appearance.

In truth, the sisters weren't supposed to be such important characters at first. They were actually planned as sorta generic male enemies to be defeated. But from the moment Ashi-kun said "This manga sure is full of boys. Wouldn't it be more interesting if there was a girl inside this armor?" they became girls. Moreover, at first I had this setup in which the sexy sisters would toy around with naive little Shchel's heart... but my own nerdy little heart spoke louder, and it went in a completely different direction. Sorry guys.

When Biyorne made her transition from "sexy big sister" to "cool big sister," Bratsche ended up turning into a "Maiden in love" kind of character.

Still, is there a reason for these girls' mysterious destructive power? I've put a lot of thought into this, so please watch over me.

Her uniformed look. Now you know there are at least a couple girls in this school.

MANY SACRIFICES WERE LAID DOWN AS THE BASE ...
UPON WHICH WE FINALLY BUILT OUR PEACE ...

AND NOW... THERE IS SOMEONE OUT TO
DESTROY IT...
SOMEONE WHO INTENDS TO USE THE BLOOD OF
GREAT DEMON KING CHESTRA
AND THESE BLACK FAIRIES
TO BREAK IT...

NOTES FOR CHAPTER 27:

– Page 14: This page's last pannel was the source of much debating at the #Translators channel on irc. The original text was "オレはさ。。。やると思ったぜ", which could mean any number of completely different things in context - from "I thought I'd give you [some coffee]" to "I thought about using [my demon blood, to save us]". I went with this particular translation because the line about giving coffee just didn't lead well into the next page at all, and the one about using his demon blood demanded too much twisting on the first pannel of the next page to make it fit

Thanks to Mrkth and AoiKage from the Mangahelpers forum for the help in pages 21 and 22, and to Hyrrokka, rox_fan and someone else whose name I lost for the help in trying to figure out the sentence above.

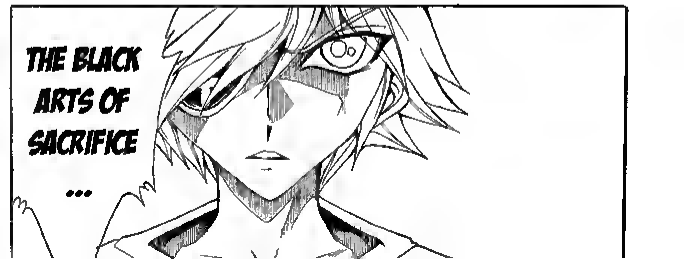
WE DID WAY BACK
OF THAT MAGIC
WATCHING THOSE TWO REMINDED ME
THAT BOOK ...
YEAH... IT HAD ANCIENT MAGIC IN IT...
WHY HUMANS SHOULDN'T TOUCH IT...
BUT WE WERE NEVER TOLD
THERE WAS A REASON WHY THAT MAGIC FADED FROM KNOWLEDGE WITHOUT BEING PASSED DOWN
FORBIDDEN MAGIC ...!!
IT WAS

FORBIDDEN SPELLS REQUIRED THE PRACTITIONER TO OFFER THEIR BLOOD, OR A BEATING HEART, OR SOULS AND SPIRITS...
IN ORDER TO GAIN POWER, YOU HAD TO OFFER PAYMENT TO AN EVIL GOD ...!!
THEY WERE ...



THE BLACK ARTS OF SACRIFICE ...

COULD IT BE THAT THE BLACK, EVIL AURA
THEIR RELATIONSHIP IS LIKE THAT OF THE SORCEROR AND HIS SACRIFICE ...
I FELT FROM SHCHEL SOMETIMES
WAS ACTUALLY THIS!?

I MAY HAVE ...
MADE A GRAVE ...
MISTAKE ...
I OPENED THE FORBIDDEN DOOR
TO THOSE TWO, WHO DON'T KNOW ANY OF THIS.
THAT MAGIC WILL SURELY
LEAD THEM TO MIS-FORTUNE

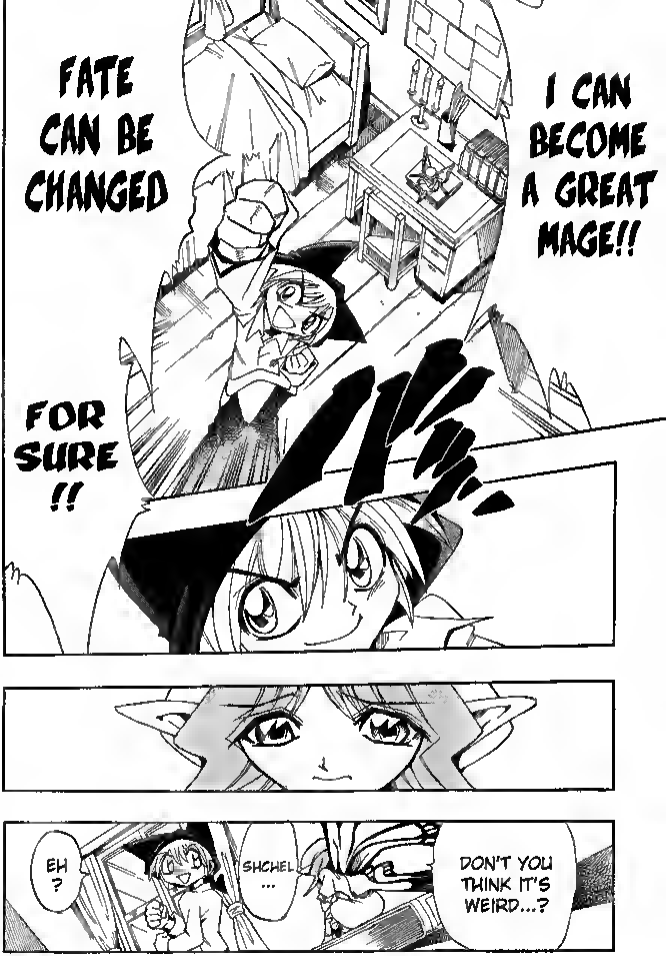
MAYBE
Y-YES ...

DURING THAT TEST
MY MAGIC
PIRORO, YOU SAW IT TOO,
RIGHT?
BUT... NOW I HAVE CONFIDENCE!
A BIG FIREBALL
CAME OUT OF MY HAND AND BLEW IT UP...
WITH A SINGLE STRIKE!
DESTROYED THAT FALLING TOWER
WITH THAT MAGIC ALONE ...
SO MUCH POWER! I NEVER KNEW I HAD THAT MUCH MAGIC INSIDE OF ME...
IN A SECOND !!



FATE CAN BE CHANGED
I CAN BECOME A GREAT MAGE!!
FOR SURE !!
EH ?

NOTES FOR CHAPTER 29:

Elanor Pam here. I could give a thousand excuses for the lateness of this and the previous chapter, but, mostly, I want to talk about how HILARIOUS the bath scene was. Yes, Shchel is very jail-baity but the true star in this chapter was our teacher with 89 years of experience. Olin only wishes he was as sexy as Professor Horn-pipe! Even the Goddess he summons is butch

Also, next chapter starts an EPIC flashback. Stay tuned!

NOTES FOR CHAPTER 30:

Flashback START! I'm surprised by Shchel, he was actually somewhat smooth in his dealings with Harmony. Nice going, complimenting her dress! You can tell she totally wants to do him. Can't blame her, since he's so moe. Vide previous chapter to see just how many different people agree.

In page 5 we get a shout out to one of Watanabe's other mangas, *Lucky Knight Custard-kun*. Apparently, at one point Custard-kun was also forcibly shoved into a tomato barrel and stabbed with swords. From my mad 1337 japanese fanart site research skills, I gather that Custard-kun somehow became the paladin knight of sociopathic princess Choco-pa, who fell madly in love with him. Sadly, being a complete psycho, Choco-pa's wooing techniques went more or less along the lines of "let's go on a picnic! Or else I'll throw you in the dungeon and have you tortured FOREVER!!!111" Sounds like my kind of manga, I'd love to get some raws of it.

Also, I've no idea what Gerthe's name really is, the katakana doesn't make a whole lot of sense, but since we'll never see her again, I don't care. More importantly, we get more evidence of Watanabe-sensei's crippling coulrophobia, in the form of Baroque, creepy clown extraordinaire. Orgel was at least kinda cute, even though he was a parasitic zombie... Baroque is just a pedo from head to toe.

NOTES FOR CHAPTER 31:

Remember how, in the original Hamelin, everyone except for Flute had a shitty, traumatizing and nightmarish past? Shhhyeah. And just think - Shchel is a complete civillian, and at the time of this chapter, all the contact he'd ever had with the main plot was having his hat touched by Clari. One can only assume Clari contaminated it with trauma cooties. Damn you, Clari!

The enemy's true face, too, is finally revealed: Josef Mengele's direct descendant, Baroque! Travelling in time to magical steampunk medieval age, camouflaged among the members of a wandering circus, his family has finally revealed itself, demanding revenge for all the children they *didn't* get to conduct horrifying experiments upon! How are our heroes supposed to fight these terrifying Nazi Clowns? Stay tuned!

In the topic of surprising revelations, Shchel sure does know how to make a girl's heart melt! A tearful farewell in the rain! Cryptic words while giving away a precious family memento! A promise to show up again, most likely looking ruggedly handsome and sporting a 5-o'clock shadow! Shine on, you little pimp.

And as a last fuck you to us fans, we don't get to see what happened to Shchel's body after being force-fed a tankful of pickled monster fairies. Damn you, Watanabe Michiaki!

NOTES FOR CHAPTER 32:

Now this is quite the WHAM chapter, and it's deserving of a long and well thought-out discussion. Yet, all I want to ask is JESUS CHRIST WHAT IS WRONG WITH YOU GUSTAV SERIOUSLY THAT WAS FREAKING CREEPY PEPPER SPRAY PEPPER SPRAY HAPPY PLACE - Oh god, and there's the next chapter which is a bajillion times worse on the skeev-o-meter_ good god ..

.. I'm just going to assume Watanabe is making a point about fandom in general and leave it at that. >___>;;

On a less traumatizing note, how many of you noticed this guy in the last pannel of the last page? I only did when I started cleaning up that pannel. But if you squint, you can see Mr. Banana Head is on Creepinocchio's shoulder in the big pannel, too! Creepinocchio's mask is so full of squiggles, I thought Banana Head was a part of it.

And from the department of Hameln trivia: according to the latest color page in Japan, Clari's hair is currently silver. Guess he can't avoid all signs of age

NOTES FOR CHAPTER 33:

Just in case you doubted Gustav was a crazy-ass creep, Watanabe-sensei shows us what passes for romance in his warped little brain. Part of me is glad we'll never see Shchelile and her creepy monster breasts again. The other part thinks she's too hilarious to abandon.

Ignoring Gustav's batshit hentai fantasies, I would like to point out the cameos by Custard-kun and his manga's cast on page 13. Chances are, the other bg characters are from *Phantom: Dead or Alive*, but sadly all I know about that manga is that it involves planes.

PRINCESS CHOCO-PA

WHAT'S-HER-FACE, A SIZER-LIKE WARRIOR

CUSTARD-KUN AND HIS MIGHTY SWORD

I really am quite curious about Custard-kun, so if anyone has raws or is willing to scan them, I'd totally scanlate it.

Also, I just thought I'd mention the fact that we are entering the best arc in the world of ever.

NOTES FOR CHAPTER 34:

Do I need to point out why I loved this chapter? What with Badass Horn Pipe, epic Bromance, Great's spontaneous heroics - he's kinda better at them than his father methinks. This chapter's crowning moment, however, is right there in the last page. Go back and read the manga from the start, all over again. Everything's just kinda different now, isn't it?

Now for specific commentary. Princess Choco-pa is right there in the first page. Great reminds me of Ichigo from Bleach in page 7. Snowboard-tan has some really obscure technique names (what's a Snowray?)

And I end this credits page with some epic Great action

NOTES FOR VOLUME 4 EXTRAS:

These extras sure had some brain-breaking spots. Thanks to serizawa at the Mangahelpers forum for the help all those lines

The cover comic shows us Princess Choco-pa and What's-her-face, who is apparently a Dragoon Rider. Unfortunately I couldn't express it in the translation very well, but she actually says "death" in place of "desu" during her screaming fit in the last pannel. After all, like all girly girls, Choco-pa ends all her lines with "desu wa~" (or would it be "death wa"?)

Here we learn how Ocarina came to be. Rahel kept at least one eye closed. Comet still turns into an eldrich abomination every now and then (but never forgets to say her "desu wa"s.) But the best part, to me, was getting to see Hamel's older children looking all dashing and handsome in their military uniforms. I hope they'll show up in the main manga! Maybe we can guess where they work by looking at their armor?

I hope we get to see more of Hamel and Flute's home life. It looks so peaceful, and yet so hilarious! It sure looks like Hamel gets in less debt the more babies he makes. Hm.
